BRIEFING BY THE CITY MANAGER

City Manager Neiditz asked Councilmembers for their comments on the draft 2009 Annual Report.

City Manager Neiditz indicated that on Friday, February 12, 2010 and Saturday, February 13, 2010, the Association of Washington Cities will be conducting the "Elected Official Essential" Workshop in Tacoma.

City Manager Neiditz announced that the Transportation Coordination Committee indicated that three Lakeside projects are in line for American Recovery Act funding of \$1 million for traffic signalization, \$2.4 million for the overlay of Bridgeport Way from Steilacoom Boulevard to Cirque Drive, and funding for the overlay of Steilacoom Boulevard from South Tacoma Way to Farwest Drive.

City Manager Neiditz announced that that the Pierce County Regional Council General Assembly meeting will be held on February 18, 2010.

City Council Study Session Minutes -2- February 8, 2010

City Manager Neiditz explained that, relative to improvements on the Pacific Highway Ponders Realignment, a letter was sent to business and property owners about the improvement alternatives on the full closure of the bridge or a partial closure.

City Manager Neiditz commented that Secretary Paula Hammond is interested in meeting with City staff next week about the Pt. Defiance Bypass project.

City Manager Neiditz indicated that the City-owned property on Pacific Highway is intended to be used for three to five years and utilized as a maintenance yard for Public Works.

Deputy Mayor Anderson asked for a briefing paper on the history of the Pierce County Regional Council funding prioritization process and what projects may be competitive.

Mayor Richardson asked about the street vacation on McChord Lane.

City Manager Neiditz announced that a billboard ad will be erected on a billboard located near the Forza coffee shop in Spanaway thanking the public for their support, on behalf of the Lakewood Police Department. He added that the ad is being donated.

ITEMS FOR DISCUSSION:

Joint meeting with the Citizens? Transportation Advisory Committee.

Discussion ensued on the proposed projects for additional federal stimulus funding by the Pierce County Regional Council and their prioritization relative to the Transportation Improvement Program (TIP); and if there would be other funding to improve the Woodbrook interchange.

Chair Larkin reviewed the Citizens? Transportation Advisory Committee?s (CTAC) work plan and the Six-Year TIP as required by State law which provides the framework for prioritizing transportation capital improvement projects. He explained that, in 2009, the CTAC approved criteria priorities for road improvements. He explained that CTAC worked on the development of the Non-Motorized Transportation Plan. In 2010, he indicated that CTAC will assist with the development of the 20-year transportation study and reaching out to the neighborhood associations to obtain citizen input.

City Council Study Session Minutes -3- February 8, 2010

Discussion ensued on the 20-year transportation study; whether CTAC is coordinating with Transpo?s (consultant) analysis of the Office of Economic Adjustment (OEA) grant relative to the interchanges; the purpose of the Transportation Benefit District (TBD) where cities can impose a fee (i.e. \$20 per vehicle) from licenses for transportation improvements; what mechanisms can the City provide to enhance public prioritization and buy-in in programs, such as the TBD; what is the CTAC?s role in mitigation of the Pt. Defiance Bypass rail project; assuming there is federal funding for the Pt. Defiance Bypass project, what is the solution and plan of this project to present to

the Secretary of State; considering an outside interested party to study the safety issues of the bypass; and the legality issues relative to the Washington State Department of Transportation's environmental process.

Speaking before the Council were:

Dennis Haugen, Lakewood resident, commented that obtaining public comment on the Pt. Defiance Bypass project will not be successful because there is no management accountability.

Alan Hart, Lakewood resident, indicated that neighbors are actively following the Pt. Defiance Bypass project and they are concerned with noise, vibration and public safety. He expressed concern about a high speed corridor and if ridership goes up, Lakewood could increase the number of rail lines and the City could be split into two. He also expressed concern about the Clover Creek crossing and potential road closure.

Proposed sewer loan program in the Tillicum and Woodbrook neighborhoods.

Assistant City Manager Bugher reviewed the proposed sewer loan program using Community Development Block Grant (CDBG) and Public Works (PW) Trust funds, and the differences between the CDBG funded loans and the PW Trust funded loans.

Discussion ensued on the source of the PW Trust Fund loan (State); is there interest reserve set-aside to pay the PW Trust Fund debt service; which program is more fully subscribed to (PW Trust Fund single-family, PW Trust Fund commercial and multi-family or CDBG single-family); what is the term for the PW Trust Fund loan (maximum 20 years); clarifying what is the City's obligation to reexamine the adopted environmental assessment; if the City is not able to obtain voluntary hook-ups should a septic system fail; and when will there be a review with Pierce County on the sewer surcharge fund for paying for the Tillicum sewers.
